# What is TURNAROUND?

Turnaround is a new early intervention service for young people age 10-17 who have been arrested by the police. It can offer support across lots of areas of your life and help you achieve positive change

We can help you explore what is important to you and what you would like to achieve

## What happens next?

The **Turnaround** Engagement worker will come and visit you – this could be in the community or at home

We will find out **more about you** and how we may be able to help you

We will look at **what needs to happen next**

We will **support you** to make this happen

Without the right support and access to opportunities, you might find yourself getting into trouble. This could have a negative impact on your home life, education, and even your adult life...

So let's do the work and...
