

We do hope you will join us for the following event:

Global Learning & Ofsted - Creating a Broad and Balanced Curriculum to Motivate & Inspire

Wednesday 3rd July 2019, 9.30 – 3.30, The British Council,
10 Spring Gardens, London SW1A 2BN

This conference will explore how global learning / a more international dimension across the curriculum (literacy / languages / science etc.) can be an effective vehicle to address the requirements of the new Ofsted framework and help schools deliver a curriculum that will enhance and expand the learning experience for pupils.

The day will be opened by Heather Fearn, Inspector, Curriculum and Development Lead (Ofsted) and include contributions from invited speakers, the British Council and school colleagues.
