

Family Focus Model APIR & WoW

Referral received, screened for eligibility and allocated

Introduction to family via known agency professional

Meeting to take place with family and all relevant agencies

Assessment process begins to meet the needs of the 'Whole Family' to identify appropriate intervention/support

Assessment review meeting to feed back recommendations following the assessment process and to agree behaviour contract/support plan

Agree contract with family, to include support offered, by whom, when and how as well as sanctions for refusing to engage or change behaviour

Review every 8-10 weeks with agencies involved and family. Amend contract accordingly and recognise progress made

Exit strategy planned when clear evidence that sustainable change is made. To include closure meeting and assessment of on-going support needs
